Bldg Utilization: 56%

# of grade appropriate public school students living within the current boundary (SY13-14)	523
# of grade appropriate public school students living in proposed attendance zone (SY13-14)	582
Boundary participation (% public school students living in boundary and attending) (SY13-14)	23%
Projected 4-10 year old child population change 2014-2020, Neighborhood Cluster 31	33%

Rationale for Proposed Boundary Changes: Aiton has excess capacity and can absorb a portion of the former Benning boundary on the west and a bit of the Smothers boundary on the south.

Proposed Geographic Destination Feeder Schools (Feeder Pathway): Anyone living in the proposed new boundary for Aiton ES is zoned for and has a right to attend Kelly Miller MS and H.D. Woodson HS. Any student attending the school out-of-boundary has the right to continue in the feeder pattern to Kelly Miller. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

Proposed Programmatic Destination School (Feeder Pathway): No programmatic feeder pattern proposed.
