PRESENTATIONS

Charter School Incubator Initiative & Monument Academy Public Charter School
Charter School Incubator Initiative - CSII

• CSII is a D.C. based non-profit that was founded in 2006 as a partnership with the Office of the State Superintendent for Education (OSSE).

• CSII is an incubator of newly authorized or expanding public charter schools that are not financially able to incur the costs of modernizing and maintaining a building.

• CSII sometimes collocates more than one school in a building.

• CSII assumes the debt and risk associated with the modernization and maintenance of the building for its charter school tenants.

• Once the school reaches “maturity” (enrollment & financial stability), CSII transfers the lease to the school and the school refines the outstanding debt held by CSII.
Gibbs School - Monument Academy PCS

- Weekday Boarding School serving middle school students located in Ward 6.
- Enrollment = 111

Monument Academy PCS

WELL-BEING

Our Well-Being department offers a comprehensive wellness program for students, staff, and parents. Our multi-tiered system of support offers weekly individual and group counseling in addition to the school-wide SEL program, DBT skill-building classes, monthly parent education and support, and staff wellness training and consultation.

Monument Academy’s Well-Being department is partnered with Howard University School of Social Work and the Chicago School of Professional Psychology, which will enable master’s level interns to provide additional therapeutic services to our students. Also, we are pleased to provide clinical supervision and education to our incoming interns and to create an ongoing professional network with our local universities. Additionally, the Well-Being department works in partnership with our community-based organizations, Life Enhancement Services, SMILE Therapy Services, and Child and Adolescent Mobile Psychiatric Services (ChAMPS), to provide year-round intensive behavioral health services to students and families beyond school-based mental health.

Staffing Model: the Director of Well-Being supervises the following: 3 full-time Well-Being Counselors, 1 full-time psychologist, and 1 part-time DBT Coordinator
Monument Academy utilizes the evidence based treatment Dialectical Behavior Therapy (DBT) STEPS-A as our SEL program. The DBT program is implemented in the residences.

- Students have our SEL class twice per week
- Students learn skills based on the following four modules: Mindfulness, Distress Tolerance, Emotion Regulation, and Interpersonal Effectiveness
- Students engage in competitive projects to support skill reinforcement
- Students complete homework assignments and diary cards as critical components of the graded class
- Students are given assessments to measure effectiveness and skill use
