October 23, 2014

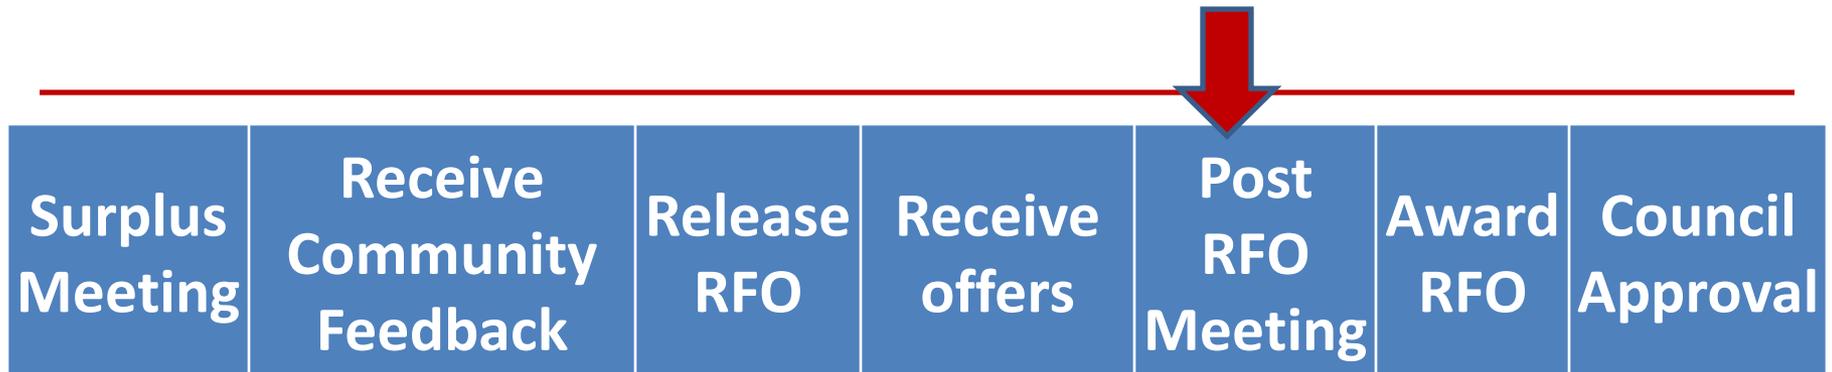

Agenda

- Goals
- Review Reuse Process

- Next Steps and Timeline

Goals for this Meeting

- Allow charter applicants to present offers directly to the community.
- Receive feedback from the community on the presentations for reuse of the Mamie D. Lee School.
- Review next steps and the process moving forward for award and Council approval.

School Reuse Process

- DC Law requires that the District receives offers for the reuse of surplus school buildings from charter schools before any other offer is considered – this is the right of first offer.
- DME released a Request for Offers (“RFO”) on September 19, 2014. We are here today to review the responses to that RFO.
- Once an award is made, the proposed transaction is sent to Council for approval. Council has the final decision on whether or not a school is leased and makes the final surplus determination.
