Projected 4-10 year old child population change 2014-2020, Neighborhood Cluster 37	44%

Rationale for Proposed Boundary Changes: Moten’s attendance zone absorb almost all the former Wilkinson zone at the north and east; a bit at the north shifts to Ketcham. A low boundary participation mitigates the difference between capacity and the large number of school age population.

Proposed Geographic Destination Feeder Schools (Feeder Pathway): Anyone living in the proposed new boundary for Moten ES is zoned for and has a right to attend Kramer MS and Anacostia HS. Any student attending the school out-of-boundary has the right to continue in the feeder pattern to Kramer. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

Proposed Programmatic Destination School (Feeder Pathway): No programmatic feeder pattern proposed.
