RECAP OF JULY TASK FORCE MEETING

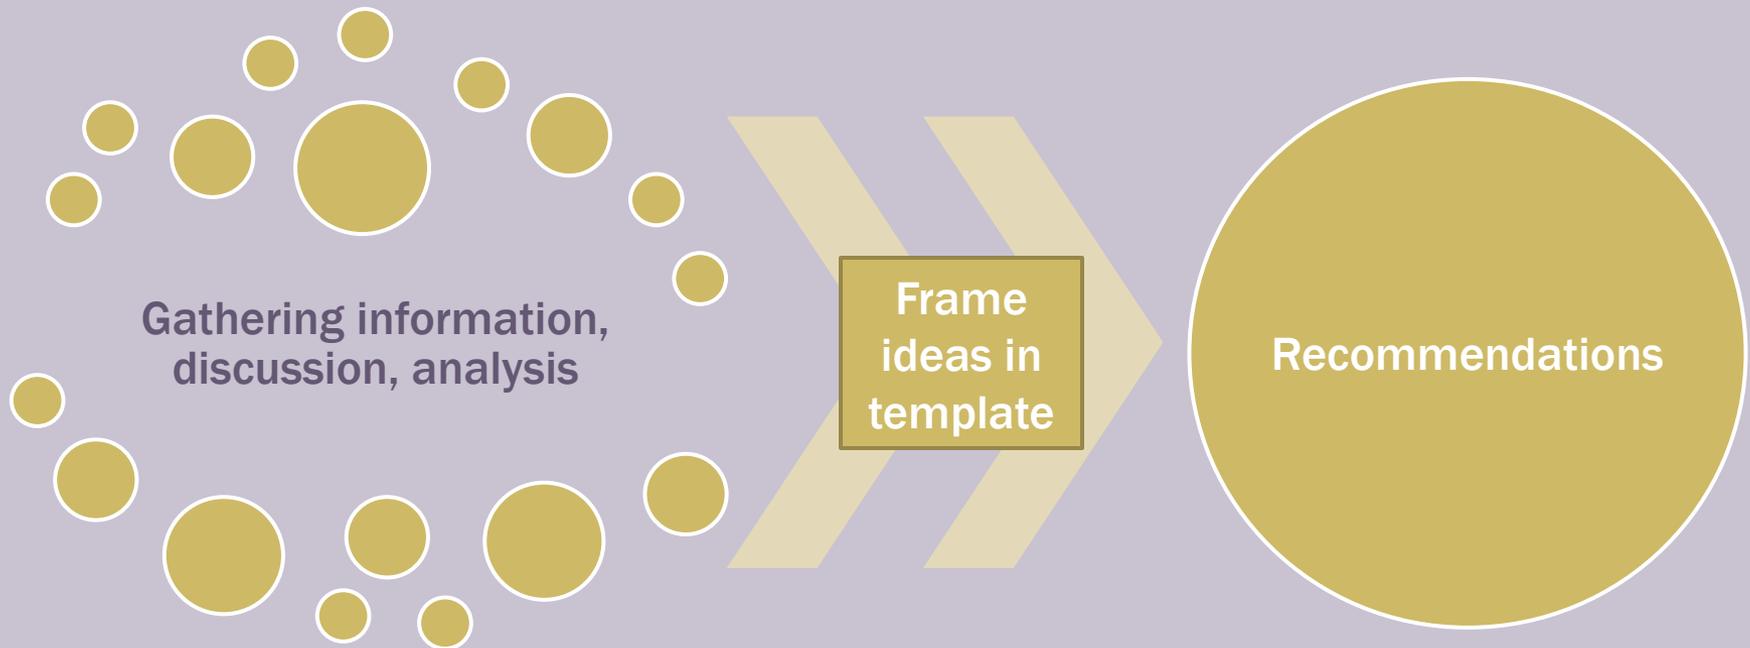

- Completed discussion of DC's Strategic Citywide Analysis (SCA).
- Began discussing issues of community input in the school planning process.
- Agreed all three of the remaining areas of concern (community input, timing, and transparency) would be discussed together moving forward because there was so much overlap between them during this conversation.

PREVIEW: MASTER FACILITIES PLAN PRESENTATION

- Next month: DME will present an overview of the Master Facilities Plan (MFP).
- The MFP will take into account the recommendations of the Task Force around a framework for opening, closing, and siting schools.

REVIEW OF WORKING GROUP PROCESS

REVIEW: MOVING FROM DISCUSSION TO RECOMMENDATION

Task Force Strategy D

Strengthen the early care and education workforce to improve the quality and experiences of early care and education available to children ages birth to five.

Key Recommendations

1. Improve the compensation and benefits of early care and education providers.
2. Expand the number of early care and education providers with certifications, credentials, and degrees.
3. Increase access to ongoing professional development for early care and education providers that is responsive to their limited time and financial resources, as well as to their educational needs.
4. Grow the cultural and linguistic diversity of our early care and education workforce to better serve our Latino children and families.

Implementation Tactics and Policy Considerations

- Determine the cost of raising our child care workforce's compensation to that of comparably educated staff in public Pre-K, Head Start, and Early Head Start to reduce turnover in the early care and education workforce.
- Investigate public and private strategies that have increased the early care and education workforce's compensation without increasing costs of care for families.

REVIEW: SAMPLE REPORT LANGUAGE, MID-YEAR MOBILITY

Intention 1:

Ensure students entering mid-year have equitable access to all available options to find the school that best matches their needs.

Key Recommendations:

1. Create and implement a common, centralized system for managing mid-year mobility.
2. [INSERT ADDITIONAL RECOMMENDATIONS, IF ANY]

Entity responsible for implementation: DME, My School DC

Timeline: Full implementation by school year 2017-18

Implementation and Policy Considerations:

- The Task Force recommends that My School DC manage a common mid-year entry and transfer process for public school students starting in SY17-18.
- DME shall convene a working group, to include My School DC, to determine the process for implementing this recommendation. The working group will be responsible for determining whether implementation is contingent on the Common Lottery Board approving My School DC’s ability to take on this additional responsibility.
- The working group must determine the parameters for gathering specific information about mid-year entry and transfer that can inform future policies on how to reduce unnecessary student mobility and promote enrollment stability.
- The new mid-year system should rely on the existing processes of the common lottery, My School DC, and therefore involves all schools participating in the common lottery.
- The new mid-year system should include students who wish to enroll in their in boundary DCPS school after October 5.
- The new mid-year system must require schools to provide their available seats after October 5, including out-of-boundary seats for neighborhood DCPS schools and all seats at public charter schools, citywide DCPS schools, and selective DCPS schools to MSDC. Schools will ensure that these seats are always up-to-date in MSDC so mid-year students are aware of all options and can immediately enroll.
