**Rationale for Proposed Boundary Changes:** Raymond absorbs a part of the Tubman boundary on the north to improve walkability. The boundary expands east to absorb a part of Bruce-Monroe at Park View; it also expands south to absorb part of the former Meyer zone. Tubman is at capacity but boundary participation is low.

**Proposed Geographic Destination Feeder Schools (Feeder Pathway):** Anyone living in the proposed new boundary for Tubman ES is zoned for and has a right to attend Columbia Heights MS and Cardozo HS. Any student attending the school out-of-boundary has the right to continue in the feeder pattern to Columbia Heights MS. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

**Proposed Programmatic Destination School (Feeder Pathway):** No programmatic feeder pattern proposed.
