Rationale for Proposed Boundary Changes: Tyler’s attendance zone shrinks at the south as the Van Ness boundary is created. However this area south of 295 and M Street has few children. Tyler is at capacity with few public school children in its boundary.

Proposed Geographic Destination Feeder Schools (Feeder Pathway): Anyone living in the proposed new boundary for Tyler ES is zoned for and has a right to attend Jefferson MS and Eastern HS. Any student attending the school out-of-boundary has the right to continue in the feeder pattern to Jefferson. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

Proposed Programmatic Destination School (Feeder Pathway): Tyler ES has a dual-language program. Tyler’s 5th grade dual-language class will have a right to attend the dual-language program at MacFarland MS. MacFarland MS is slated to re-open no earlier than SY15-16.
