

Current Policy

Proposed Policy

SY2018 - 19

SY2022 - 23

Under the current student assignment and DCPS boundary plan, families assigned to a new middle school maintain their rights to the middle school assigned to their home address for SY14-15 until the new middle school opens, which would be either SY17-18 or SY18-19 for MacFarland MS (the first new school to open).

The proposed policy change is to extend the grandfathering policy so that these families maintain their current middle school rights until SY22-23, which would be an additional three or four years after the opening of MacFarland.

BOUNDARY CHANGE

Proposed Policy

The proposed policy change would give Kelly Miller students a feeder right to Eastern HS, in addition to HD Woodson HS - maintaining access for students east of the river to Eastern HS.
